

SINCE 1992

You dream. We build.

Civil construction & contracting
Mumbai and Navi Mumbai

Built from the ground up.

M.K. Rasoona Enterprises began in 1992 as a civil labour contractor. Today, we undertake full material and labour contracting, bringing hands-on experience and practical coordination to civil construction.

THE YEARS THAT SHAPED US

1992

The first foundation

An early major contract for BPCL, through the Shapoorji Pallonji group.

2010-12

A broader responsibility

Expanded into full material and labour contracting.

Today

Experience at scale

Owned equipment and shuttering material support concurrent development.

Built on experience. Led with purpose.

Kasiah Menigah

FOUNDER & DIRECTOR

Founded in 1992 by Kasiah Menigah, M.K. Rasoona Enterprises began with a vision to build with integrity, quality, and dedication. Starting as a civil labour contractor, he laid the foundation of the company through hard work, hands-on expertise, and a commitment to excellence.

For over three decades, Mr. Menigah has remained actively involved on-site, personally overseeing workmanship, materials, execution, and labour management. His practical approach and problem-solving abilities have contributed to the successful delivery of residential and commercial buildings, temples, hospitals, hotels, and civil infrastructure projects.

Today, his values of trust, craftsmanship, and reliability continue to guide M.K. Rasoona Enterprises as it delivers enduring structures built to stand the test of time.

THE FOUNDER'S PHILOSOPHY

Work with honesty.
Learn from experience.
Stand by your commitment.
And never stop building.

A clear vision. The next generation.

Ravindra Kasiah Menega

CHIEF EXECUTIVE OFFICER

Ravindra Kasiah Menega brings a contemporary civil engineering perspective to the next chapter of M.K. Rasoon Enterprises. Building on the company's strong foundation of hands-on construction experience, he is focused on advancing the business through modern methodologies, disciplined execution, and uncompromising standards of quality and safety.

A LONG-TERM VISION

Enduring structures. Lasting value.

With a strong emphasis on capable teams, operational excellence, and transparent practices, his leadership is shaped by a long-term vision—delivering enduring structures while building relationships grounded in trust, integrity, and lasting value.

From groundwork to structure.

Seven areas of work, coordinated around the agreed project scope.

01	Residential & commercial	Civil construction for homes, workplaces and developer-led projects.
02	Civil labour & material contracting	Civil teams, construction materials and resources coordinated for site needs.
03	SRA & rehabilitation	Civil construction for slum rehabilitation and related developments.
04	Renovation & building repair	Repair and renovation of residential buildings and commercial premises.
05	Drainage & sewage work	Civil works for development and existing-property infrastructure.
06	Machinery supply	Construction machinery to support site operations.
07	Raw material supply	Construction materials supplied around the requirements of the work.

OUR OWN RESOURCES

Material-lift machines / Concrete mixers / Shuttering material

Relationships, built.

10+ client relationships across Mumbai and Navi Mumbai.

The five named relationships in this profile are a selected view of our experience.
